Meisel 2011-07-07 Infants and very young children develop almost miraculously the ability of speech, without apparent effort, without even being taught - as opposed to the teenager or the adult struggling without, it seems, ever being able to reach the same level of proficiency as five year olds in their first language. This useful textbook serves as a guide to different types of language acquisition: monolingual and bilingual first language development and child and adult second language acquisition. Unlike other books, it systematically compares first and second language acquisition, drawing on data from several languages. Research questions and findings from various subfields are helpfully summarized to show students how they are related and how they often complement each other. The essential guide to studying first and

second language acquisition, it will be used on courses in linguistics, modern languages and developmental psychology.

Language in Mind Julie Sedivy 2019-01-02

Provides a broad, introductory survey to psycholinguistics that will remain relevant to students whether they continue in the field or not. Julie Sedivy's *Language in Mind*, Second Edition provides an exceptionally accessible introduction to the challenging task of learning psycholinguistic research, theory, and application. Through a research-based approach,

the text addresses important questions and approaches, reflecting a variety of theoretical orientations and viewpoints, provoking a sense of curiosity about language and the structures in the mind and brain that give rise to it, and emphasizing not just what psycholinguists know, but how they've come to know it.

**Overcoming School Refusal** Joanne Garfi 2018-01-31 School refusal affects up to 5% of children and is a complex and stressful issue for

the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child's social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. *Overcoming School Refusal* helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include:

- types of school refusers
- why children refuse to go to school
- symptoms
- short term and long term consequences
- accurate assessment
- treatment options
- what parents can do
- what schools can do
- dealing with anxious high

**Chineasy Everyday** ShaoLan 2016-03-28

Chineasy, the brainchild of entrepreneur ShaoLan Hsueh, has been a publishing phenomenon. Its special building-block learning method brought to life by highly recognizable and appealing graphic illustrations has attracted a substantial online following and has been published in fifteen languages. But it marks only the beginning of a larger ambition to educate the world about the richness and character of China's people, its customs and its heritage. The first volume of *Chineasy* introduced the method and visual language. This follow-up volume, which requires no experience of the first, expands the scope to include all facets of Chinese life and culture in twelve central sections. Each begins with an overview of key characters before a presentation

of the subject using those characters as a basis, providing insight into how Chinese thinking has shaped its language and civilization in a way that anyone can understand and appreciate. As children are increasingly taking up Mandarin, and as business exchange with China develops, this is a single-volume encyclopedia on China that will stimulate young minds, enchant the culturally minded and inspire everyone who seeks new experiences and a wider understanding of the world we live in.

### **Prester John, the Mongols, and the Ten Lost Tribes**

Charles Fraser Beckingham 1996 This study makes an important contribution to the study of the Prester John legend and will be of interest to a wide range of scholars working in the field of medieval history and literature. The principal sources relating to Prester John are reprinted here for the first time in more than a century, together with a number of key modern articles on this topic. In addition, an international group of scholars has contributed six new studies

which examine the legend in the context of Mongol history, Russian literature, the medieval Jewish accounts of the Ten Lost Tribes, the crusading movement, and the Portuguese voyages of exploration.

**Falk** Joseph Conrad 2021-10-07 Upon the death of the old captain, a young sailor takes charge of the ship and its crew. The ship must make a delivery but can't depart the port due without an expert tug boat. The new captain befriends Hermann, the captain of a German ship moored nearby. Herman lives aboard with his wife, four children and his niece. Thrown together by shared circumstances they all become very friendly. Unknown to anyone, Falk, the tugboat captain who can get them all out of the bay, is in love with Herman's niece. He becomes jealous of a man he perceives as his competition and sabotages the ships from leaving. The young captain must befriend the bitter and sulking Falk and help him win Herman's niece. But Falk has a dark secret from his own sinister past that he

must reveal before he can win the niece's heart and hand in marriage. "Falk" is a tale told by a group of mariners swapping seas stories around a dinner table. Like many other Conrad's works, it combines his interest in moral conflict and the dark side of human nature. Fans of other maritime books like "Moby Dick" or "Shōgun" will enjoy this insightful tale. Joseph Conrad (1857-1924), born Józef Teodor Konrad Korzeniowski in Berdychiv, Ukraine. His parents were Polish nobles and patriots who conspired against oppressive Russian rule. He became a naturalized British subject in 1886. Conrad is regarded as one of the greatest novelists, known for works like "Lord Jim," "Heart of Darkness," and "The Secret Agent." Many of his works reflect on his experience as a mariner and addressed profound themes of human nature and existence.

Philosophy of Chance Michael Heller 2018-09-30  
In this book - which is written by the 2008 Templeton Prize laureate Michael Heller - the problems of chance and probability are seen in light of the advancements of physics and biology. Heller's claim is that chance finds its place within the structure of the universe and cosmic evolution. His insightful remarks may be considered a critique of both Dawkins' 'blind watchmaker' approach and Dembski's 'intelligent design' perspective. Heller is a cosmologist, a philosopher, the director of the Copernicus Center for Interdisciplinary Studies in Krakow, a professor at the John Paul II University in Krakow, and an adjunct member of the Vatican Observatory.

**Cyclic and lexical phonology** Jerzy Rubach 1984-01-01 The architecture of the human language faculty has been one of the main foci of the linguistic research of the last half century. This branch of linguistics, broadly known as Generative Grammar, is concerned with the formulation of explanatory formal accounts of linguistic phenomena with the ulterior goal of gaining insight into the properties of the 'language organ'. The series comprises high

quality monographs and collected volumes that address such issues. The topics in this series range from phonology to semantics, from syntax to information structure, from mathematical linguistics to studies of the lexicon.

[Perspectives from the European Language Portfolio](#) B Rbel K Hn 2012-05-31 Using constructivist principles and autonomous learning techniques the ELP has pioneered

innovative and cutting edge approaches to learning languages that can be applied to learning across the spectrum. Although articles on the success of the ELP project have appeared in some academic journals, *Perspectives from the European Language Portfolio* is the first book to report on and contextualise the project's innovative techniques for a wider educational research audience. During the last ten years the ELP has increasingly become a reference tool for language learning and teaching in primary, secondary and tertiary educational settings all around Europe. The editors of this volume believe that there is a need to reflect on the significant contribution that the ELP has delivered for language learning and teaching, and to critically evaluate its achievements. This volume offers a range of investigations from theoretical studies to practical cases around these issues, and includes: relevant contributions of the ELP to language pedagogy; assessing the impact of the ELP on pedagogical research and practice;

exploring and defining pathways for future developments; Reflective learning. This book is intended for a readership of language teachers and researchers across Europe. It will be of particular relevance to those engaged in

language learning and teaching within the Common European Framework of Reference, supporting independent learning and developing a language curriculum, whether in school, adult, further or higher education.
