The Minimum Dwelling

Karel Teige 2002 Teige envisioned the minimum dwelling not as a reduced version of a bourgeois apartment or rural cottage, but as a wholly new dwelling type built with the cooperation of architects, sociologists, economists, health officials, physicians, social workers, politicians, and trade unionists."

Futurism Lawrence S. Rainey 2009 In 1909, F.T. Marinetti published his incendiary Futurist Manifesto, proclaiming, "We stand on the last promontory of the centuries!!" and "There, on the earth, the

earliest dawn!" Intent on delivering Italy from "its fetid cancer of professors, archaeologists, tour guides, and antiquarians," the Futurists imagined that art, architecture, literature, and music would function like a machine, transforming the world rather than merely reflecting it. But within a decade, Futurism's utopian ambitions were being wedded to Fascist politics, an alliance that would tragically mar its reputation in the century to follow. Published to coincide with the 100th anniversary of the founding of Futurism, this is the most complete anthology of Futurist manifestos, poems, plays, and images ever to be published in English, spanning from 1909 to 1944. Now, amidst another era of

unprecedented technological change and cultural crisis, is a pivotal moment to reevaluate Futurism and its haunting legacy for Western civilization.

Twelve Years a Slave Solomon Northup

101-01-01 "Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

In *The Fourth Industrial Revolution*, Schwab outlines the key technologies driving this revolution, discusses the major impacts on governments, businesses, civil society and individuals, and offers bold ideas for what can be done to shape a better future for all.

Socialist Escapes

Cathleen M. Giustino
2013-03-30 During much of the Cold War, physical escape from countries in the Eastern Bloc was a nearly impossible act. There remained, however, possibilities for other socialist escapes, particularly time spent free from party ideology and the mundane routines of everyday life. The essays in this volume examine sites of socialist escapes, such as beaches, campgrounds, nightclubs, concerts, castles, cars, and soccer matches. The

chapters explore the effectiveness of state efforts to engineer society through leisure, entertainment, and related forms of cultural programming and consumption. They lead to a deeper understanding of state-society relations in the Soviet sphere, where the state did not simply "dictate from above" and inhabitants had some opportunities to shape solidarities, identities, and meaning.

Mr Miniscule and the Whale Julian Tuwim 2014
This rhyming adventure tells the story of Mr Miniscule, a teeny tiny explorer with a BIG dream who sets off on the vast ocean in search of a big blue whale, only to find a big blue island. Or could he be wrong? *Mr Miniscule and the Whale* is a timeless children's classic known

and treasured by three generations of Poles, now one of Australia's largest foreign communities. About the Authors Julian Tuwim (1894-1953) was one of Poland's leading poets. He won fame not just for his adult verse but also for his rhymes for children, many of which are classics known to every Polish child. He also wrote satirical verse and loved word games, inventing palindromes (whole sentences that read the same forwards and backwards), lipograms (whole paragraphs that leave out a particular letter), and tautograms (sentences where every word starts with the same letter). Nobody knows if he ever set out to sea to see a whale. Bohdan Butenko (born 1931) is one of Poland's top illustrators, whose drawings appear in more than 200 children's

books. He is also famous for his animated cartoons - especially featuring Gucio the clumsy hippo and Cezar the sensible dog - as well as for his stage sets and television design. He has won many prizes, among them the 2012 Order of the Smile - a special medal awarded by children to adults who are particularly kind to them.

Achtung-Panzer! Heinz Guderian 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War.

Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Lucie Storchová
2020-09-07 "Companion to Central and East European Humanism: Czech Lands" is the first reference work on humanists and their literary activities in this region which appears in English. In two volumes, it offers biographical and bibliographical data about humanist literary life between ca. 1480 and 1630. Apart from introductory chapters, the first volume includes more than 150 biographical entries dealing with authors whose names begin with

letters A-L as well as complete overviews of the most recent research on humanism in Central Europe. The interdisciplinary research team paid special attention to local approaches to classical tradition, to forms of humanistic polylingualism and to participation of Bohemian authors in European scholarly networks. Both volumes are of high relevance for all academics who are interested in humanism and history of early modern literature in Central Europe.
