Seduced by Secrets Kristie Macrakis 2008-03-17 More fascinating than fiction, Seduced by Secrets takes the reader inside the real world of one of the most effective and feared spy agencies in history. The book reveals, for the first time, the secret technical methods and sources of the Stasi (East German Ministry for State Security) as it stole secrets from abroad and developed gadgets at home, employing universal, highly guarded techniques often used by other spy and security agencies. Seduced by Secrets draws on secret files from the Stasi archives, including CIA-acquired material, interviews and friendships, court documents, and unusual visits to spy sites, including "breaking into" a prison, to demonstrate that the Stasi overestimated the power of secrets to solve problems and created an insular spy culture more intent on securing its power than protecting national security. It recreates the Stasi's secret world of technology through biographies of agents, defectors, and officers and by visualizing James

Bond-like techniques and gadgets. In this highly original book, Kristie Macrakis adds a new dimension to our understanding of the East German Ministry for State Security by bringing the topic into the realm of espionage history and exiting the political domain.

Desires of the Dead Kimberly Derting 2011-03-17 Violet and Jay are finally dating, but adjusting to the new relationship is not as easy as Violet anticipated. Especially when she has to split Jay's time and attention with his new best friend, Mike, and Mike's pesky younger sister - who happens to be obsessed with Jay. Meanwhile, when Violet's special abilities lead her to the body of a young boy, her tip to the police puts her on the radar of the FBI. Violet tries to fend off the FBI's questions while maintaining the semblance of a normal life, but somebody's leaving her threatening notes and an echo around Mike's house reinforces that all is not right. Violet is forced to admit that perhaps the only people who can help her figure it out are the very people she's desperate to avoid - the FBI.

The Book of Tells Peter Collett 2003 A TELL IS AN ACTION THAT TELLS YOU WHAT SOMEONE IS THINKING, EVEN IF THAT PERSON DOESN'T KNOW IT THEMSELVES. AND TELLS ARE HIGHLY INFORMATIVEa The way you stand when you're talking to others, how you move your feet, your hands, your eyes - even your eyebrows - says a lot about your commitment to a conversation and your underlying attitude. Your actions and stance can also affect how long you get to talk and how often you get interrupted. Even when you're seated, the position of your arms and legs provides a wealth of information about your mood and intentions, showing whether you feel dominant or submissive, preoccupied or bored. But Tells aren't confined merely to conversations; when you are alone you are constantly shifting your body - and each movement, each gesture provides clues about your state of mind. In this illuminating book, Peter Collett, social psychologist, former Oxford don and Big Brother's resident psychologist, introduces us to the fascinating concept

of Tells, showing how they work, where they come from and how to identify and interpret them. Whilst sensitizing readers to the motives and actions of other people, this invaluable guide also focuses on the messages that we unwittingly send, and the impact that these might have on those around us. Comprehensive and accessible in its approach, and written in the tradition of the international bestseller, *Manwatching*, *THE BOOK OF TELLS* offers a new, unifying vocabulary for understanding human communication and social influence - and a unique opportunity to read yourself, and others.

Maeve's Times Maeve Binchy 2013-09-12 'Maeve's Times is funny and clever and kind, which are excellent qualities in both books and people' Irish Times 'As someone who fell off a chair not long ago trying to hear what they were saying at the next table in a restaurant, I suppose I am obsessively interested in what some might consider the trivia of other people's lives.' Maeve Binchy is well known for her bestselling novels, but for many years Maeve was a journalist. From 'The Student Train' to 'Plane Bores' and 'Bathroom Joggers' to 'When Beckett met Binchy', these articles have all the warmth, wit and

humanity of her fiction. Arranged in decades, from the 1960s to the 2000s, and including Maeve's first and last ever piece of writing for the Irish Times, the columns also give a fascinating insight into the author herself. With an introduction written by her husband, the writer Gordon Snell, this collection of timeless writing reminds us of why the leading Irish writer was so universally loved.

Advances in Biographical Methods Maggie O'Neill 2014-12-05 Rooted in a long and diverse genealogy, biographical approaches have developed from a focus upon a single story, a 'life story' and personal documents (e.g. diaries), to encompass (more routinely) autobiographical secondary and archival research and analysis - as well as multi-media, arts based creative multi-sensory methods. Biographical Research and

practices as part of human understanding helps people to make sense of what has been and what is happening in their lives, cultures, communities and societies.

Advances in Biographical Methods: Creative Applications takes up these themes: theorising, doing and applying current advances in biographical methods. It demonstrates the momentum with which they areas are developing as a field of scholarship, especially in relation to creative innovations and applications, such as in new forms of interview and other practices, and debates on its interlinking with art, performance and digital methods.

Vanished Splendor Robert Alexander 2017-03-07 A striking new coloring book depicting the richness of the last days of the Romanovs, allowing users to experience splendor, majesty, and mystery of lost Russia. Drawing from decades of work, travel, and research in Russia, Robert Alexander has created a stunning coloring book with every detail rooted in the rich, colorful history that was the glory of Imperial Russia. Depicting the grand world of Nicholas and Alexandra Romanov—from their imperial palaces, costume balls and gowns, to jewels and Faberge objets d'art, and the magical meadows and forests of their empire—Vanished Splendor is a treat for the eyes and a delight for history buffs. Infused with Robert Alexander's deep knowledge and love of Russian culture and art and detailed by Christopher Bohnet's intricate skills, the coloring book captures in soul and spirit the fascinating era of the Romanovs, where nothing was done until it was overdone. It is a coloring

book like no other—and all it takes to bring that magical time to life is the stroke of a colored pencil.
