Science, Women and Revolution in Russia
Koblitz 2014-01-02 While the women's movement might seem like a relatively new concept, Russian women of the 1860s deserve to be acknowledged as individuals who changed the direction of science and opened the doors of higher education to women throughout Europe. The 1860's and 1870's witnessed a rise in women's consciousness and the beginnings of the Russian revolutionary movement that saw women pursue and receive doctorates in many areas of science. These same women went on to become some of the brightest in their fields. This book provides a look at Russian women scientists of the 1860's, their personal independence, and technical and literary achievements that made science the popular social movement of the time and changed the face of the Russian intellectual culture.

The Development of Russian Evangelical Spirituality Gregory L.

Nichols 2011-11-09 Today, many evangelicals in the Russian-speaking world emphasize sanctification as a distinctive mark of their Christian faith. This is a unique characteristic, particularly in the

European context. Their historic tapestry has been woven from a number of threads that originated in the second half of the nineteenth century. Missionary efforts of the German Baptists, a revival sparked by a British evangelist, and a pietistic awakening among the Mennonites in the South converged to form a tapestry that displays Protestant, Baptist, and Anabaptist heritage. Ivan Kargel uniquely participated in the formation and ministry of each of these threads. His life spans from Tsarist Russia to the Soviet Union. Kargel refused to adhere to a systematic view of theology. Instead, he urged believers to go to Scripture and draw from the riches of a life united with Christ. Kargel's influence today is keenly felt across the Russian-speaking evangelical world as they seek to identify the roots of their spiritual identity. This book examines the influences on Ivan Kargel and offers insights into how his life and work are expressed in the tapestry of Russian evangelical spirituality.

Empire of Friends Rachel Applebaum
2019-04-15 The familiar story of Soviet power in Cold War Eastern Europe focuses on political repression and military force.

But in *Empire of Friends*, Rachel Applebaum shows how the Soviet Union simultaneously promoted a policy of transnational friendship with its Eastern Bloc satellites to create a cohesive socialist world. This friendship project resulted in a new type of imperial control based on cross-border contacts between ordinary citizens. In a new and fascinating story of cultural diplomacy, interpersonal relations, and the trade of consumer-goods, Applebaum tracks the rise and fall of the friendship project in Czechoslovakia, as the country evolved after World War II from the Soviet Union's most loyal satellite to its most rebellious. Throughout Eastern Europe, the friendship project shaped the most intimate aspects of people's lives, influencing everything from what they wore to where they traveled to whom they married. Applebaum argues that in Czechoslovakia, socialist friendship was surprisingly durable, capable of surviving the ravages of Stalinism and the Soviet invasion that crushed the 1968 Prague Spring. Eventually, the project became so successful that it undermined the very alliance it was designed to support: as Soviets and Czechoslovaks got to know one another, they discovered important cultural and political differences that contradicted propaganda about a cohesive socialist world. *Empire of Friends* reveals that the sphere of everyday life was central to the construction of the transnational socialist system in Eastern Europe—and, ultimately, its collapse.

Return from the Archipelago Leona Toker 2000 Comprehensive historical survey and critical analysis of the vast body of narrative literature about the Soviet gulag. Leona Toker organizes and characterizes both fictional narratives and survivors' memoirs as she explores the changing hallmarks of the genre from the 1920s through the Gorbachev era. Toker reflects on the writings and testimonies that shed light on the veiled aspects of totalitarianism, dehumanization, and atrocity. Identifying key themes that recur in the narratives -- arrest, the stages of trial, imprisonment, labor camps, exile, escapes, special punishment, the role of chance, and deprivation -- Toker discusses the historical, political, and social contexts of these accounts and the ethical and aesthetic imperative they fulfill. Her readings provide extraordinary insight into prisoners' experiences of the Soviet penal system. Special attention is devoted to the writings of Varlam Shalamov and Aleksandr Solzhenitsyn, but many works that are not well known in the West, especially those by women, are addressed. Consideration is also given to events that recently brought many memoirs to light years after they were written.

Many of Acadia National Park's foot trails preceded the establishment of the park. The earliest pathmakers were Abenakis, who made trails for carrying canoes between lakes and for other practical reasons. European settlers later developed recreation trails. Summer visitors organized Village Improvement Associations and Village Improvement Societies, whose path committee volunteers created trails that were incorporated, in 1916, into the new Sieur de Monts National Monument, precursor to Lafayette National Park (1919). Ten years later, the protected area was renamed Acadia National Park. It was the first national park to have sprung full-blown from philanthropy. Volunteers and park crews, including President Franklin D. Roosevelt's Civilian Conservation Corps in the 1930s and early 1940s, expanded and maintained the trail system. Friends of Acadia was formed in 1986 to extend the philanthropic vision of the park founders. The organization later mounted Acadia Trails Forever, which matched \$4 million in park entry fees with \$9 million in private donations, to rehabilitate the footpaths over ten years. The model project made Acadia the first national park with an endowed trail system. Each era of trail building and its individual pathmakers utilized different construction styles, standards and aesthetic nuances. The job of today's professional trail crew and its legion of volunteers is to honor the pathmakers of old by replicating their construction signatures whenever possible. National parks, after all, are repositories of history and culture, and the Park Service's legal duty of care is to preserve these magnificent places "unimpaired for the use and enjoyment of future generations." Three important books guide Acadia's trail crews in that obligation: Preserving Historic Trails, the proceedings from an October 2000 conference of trail building experts from across the nation; this volume, Pathmakers: Cultural

Landscape Report for the Historic Hiking Trail System of Acadia National Park (2005), a profusely illustrated history of trail building; and the second volume of the cultural landscape report, Acadia Trails Treatment Plan (2005), which lays out precise construction and maintenance techniques favoring the historically faithful preservation of Acadia's footpaths. These authoritative resources, and the park's Hiking Trails Management Plan, were compiled with input from one of the best kept secrets in the National Park Service, the Olmsted Center for Landscape Preservation, a coterie of landscape architects, historians and writers tucked away in Brookline, Massachusetts. The Olmsted staff collaborated over several years with Acadia's trail crew, one of the best in the 388-unit National Park System. Each year, the Acadia Trails Forever project brings more trails up to the rehabilitation standards set forth in the cultural landscape report. Previously neglected features such as iron work, granite steps, bog bridges, log stringers, water bars, rock drains. Bates-style cairns and other historic features are carefully redone or added, complementing Acadia's natural splendor. Audience Environmentalists, Historians, Educators, and Students would find it interesting to learn about the history of Acadia National Park and the people that work to preserve it. Adjustment, Structural Change, and Economic Efficiency Jozef M. van Brabant 1987-12-25 This 1988 book examines the indirect instruments and the related institutions that help to coordinate key economic decisions within and among the economies belonging to the Council for Mutual Economic Assistance (CMEA). The chief purpose is two-fold: to assess their adequacy in light of the forced economic adjustments of the early 1980s and to formulate feasible changes for both in order to avert a recurrence of such developmental obstacles. Jozef van Brabant argues that these instruments and institutions are inadequate. He proposes that a resumption of rapid growth depends largely upon bolstering factor productivity growth, which can only be achieved through positive structural changes and a root-and-branch reform of the individual and groupwide economic mechanisms.

Jaka Someh The Silat Warrior Yadi STP MM Jaka Someh is an easy-going man and happy to help. Since he was a teenager he has been practicing martial arts with discipline and hard. Jaka Someh became a great warrior, but his heart was still kind and not arrogant. Even though he has defeated many evil martial figures who are

known to be powerful and feared. Jaka Someh has a sincere and patient heart. He tends to prefer to give in and avoid conflict with others. So that makes him a less assertive person. Not firm in making decisions. Perhaps because of his lack of firmness, Jaka Someh felt bad for rejecting Pak Rohadi's request to marry his daughter who was pregnant out of wedlock. Mr. Rohadi's daughter named Asih. Asih is pregnant and left by her lover. Asih is actually a beautiful woman and has even become a village flower. Asih actually didn't want to marry Jaka Someh, but in order to save the dignity of the family she was forced to follow her father's wish, to marry Jaka Someh. Although Jaka Someh is only a substitute husband for Asih, Jaka Someh tries to love Asih with all his heart, but unfortunately, Asih's attitude often humiliates Jaka Someh, who has officially become her husband. Jaka Someh's appearance is indeed too simple, making him a lot of belittled and considered stupid by others. Even by Asih, his own wife. Who had the heart to betray his holy love. Even though Jaka Someh has sacrificed a lot for Asih. He always tries hard to always make his wife happy, but still Asih doesn't want to respect Jaka Someh. Even Asih had the heart to cheat on Jaka Someh. Two years after her marriage to Jaka Someh, Asih is reunited with her former lover who once got her pregnant. They also re-establish a love affair. Their affair was finally discovered by Jaka Someh. Jaka Someh felt

very angry, confused, sad and disappointed. Jaka Someh wanted to kill the man who had trampled on his pride. But he could not do it, because he could not bear to his wife and stepson whom he loved very much. Sad, angry, disappointed but trapped by sincere feelings of love and respect. Jaka Someh became very confused and indecisive. So what will Jaka Someh do to deal with his troubled household? Should he divorce his wife? Or did he repay his wife's affair with another affair? or just go, wander far away from Asih who has had the heart to have an affair? Will his household problems turn him into a different person? On the other hand, as a warrior, Jaka Someh is required to defend and protect people who are experiencing oppression from gangs of criminals. At that time a powerful warrior appeared who had torn apart the martial world. His name is Ki Jabrik. Ki Jabrik is the leader of a gang of criminals who have defeated many martial arts figures. Ki Jabrik's gang has oppressed many people and not a single warrior dares to face Ki Jabrik and his gang. Can Jaka Someh face Ki Jabrik and his gang who are known to be powerful and cruel?
