The Eighteenth Decisive Battle of the World Edgar Vincent D'Abernon (Viscount) 1977

Giants Grzegorz Rosinski 2013-05-02 In their island fortress, Kriss and Shaigan still reign over their band of pirates and raiders. But Shaigan is beginning to have doubts, and when a prisoner who knew him calls him Thorgal, the child of the stars begs the gods of Asgard to give him back his name and his destiny. In return, the gods require that Thorgal travel to the kingdom of giants and steal from their ruler... and then Thorgal will be Thorgal again. He's a child of the stars, beloved of the gods and touched by destiny, but also a reluctant hero, a simple man with simple dreams. Thorgal: an extraordinary Viking saga with strong elements of science fiction, by one of the master scriptwriters of Franco-Belgian comics. Already 13 volumes available from Cinebook!

Lenin - God of the Godless Ferdinard A. Ossendowski 2007-03

1 GOD OF THE GODLESS By FERDINAND A. OSSENDOWSKI Author of quot Beasts, Men and Gods, quot quot The Fire of Dessert Folk quot quot Slaves of the Sun, quot Etc. Translated From the Polish by GREGORY MACDONALD 1931 iE. P. DUTTON CO., INC New York IN GOD OP quot THE G quot OBLSS, COPYRIGHT BY. E. P.-DUTJON. St. CO INC. I ALL RIGHTS RESE V D MINTED IN u. s. A. LENIN GOD OF THE GODLESS LENIN GOD OF THE GODLESS CHAPTER I LITTLE VLADIMIR

ULYANOV was sitting very still, thought fully watching his mother s preparations. Maria Alexandrovna herself, pale and spiritless, was helping the servant-girl to lay the table. For it was Saturday, when her husband s friends would descend upon them, and she had grown more and more to dislike their weekly assemblies. Her children, except Vladimir, shared her feelings. The girls were tidying up the drawing-room and comparing notes on their father s guests. The elder boy, as usual, had slipped out of the house, cursing them for a gang of brigands. Only Vladimir looked forward to the evening with impatience. At last Ulyanov came into the room. He was a grizzled, broad-shouldered man, with the narrow Mongolian eyes of his younger son, and he knew that he looked a man of substance in his dark-blue frock coat with gold buttons, especially when the red and white ribbon on his chest held the cross of St. Vladimir, which conferred an authority of its own. He sat down in an armchair, drew up a small table, and set out the chess-men, in readiness for a game with Doctor Titov. The Doctor always captured the imagination of Vladimir. The lad would have liked to see him go swimming. No mat ter how deep the water might be, the man would not sink. He would bob up and down like a fishing-float on the surface. A round, bulky man was Doctor Titov. The father said nothing to Maria Alexandrovna. He knew very well that she did not like his guests. On the other hand, he did not want to spoil his pleasures by a quarrel with his wife. 4 LENIN But Madame Ulyanova began the conversation at once. quot My dear, quot she said, quot we would both be better off if you gave up those friends of yours. What good can it do you to have that drunken priest. Father Makary, with his rusty old cassock, or Doctor Titov, or the School Inspector, Peter Petro vitch Shustov That old ramrod he s good for neither God nor Devil 5 Her husband twisted uneasily in his chair and began to wipe his perspiring forehead with a red

handkerchief. quot We ve been friends for a long time, quot he muttered. quot Be sides, they have very good connections. They can help one along in life. The great ones of the earth have ears, you know, and when my friends whisper a good word about me. . . . quot U O Lord quot groaned his wife. quot You and your good word You remind me of Tiapkin-Lapkin in Gogol s Inspector. He did that too. He took care to ask the Inspector, when he re turned to Petersburg, to tell the Ministers where Tiapkin-Lapkin was living quot She began to laugh, silently and with bitterness. quot That s no sort of a comparison, my dear, quot he said reproach fully. quot Yes, it is It s exactly the same, quot rejoined his wife. quot You re making a fool of yourself, that s all. Why don t you invite some people who really count, young people or men of in tellect For instance, Dr. Dokhturov, or that school master Nilov, or that marvelous monk, the preacher, Brother Alexis I met them at Madame Vlasova s. They have intelligence. They re worth paying attention to quot quot God forbid quot hissed Ulyanov. There was some fear in his voice, and he waved his hands helplessly. quot Those fellows are dangerous types. They are, well . . . political agitators. quot quot Political agitators quot asked Maria Alexandrovna. quot What do you mean by that quot quot Nothing very good, quot he replied in an impressive whisper. quot The Police Commissioner warned me about them...

Foundations of Speech Act Theory S.L. Tsohatzidis 2002-09-11

Foundations of Speech Act Theory investigates the importance of speech act theory to the problem of meaning in linguistics and philosophy. The papers in this volume, written by respected philosophers and linguists, significantly advance standards of debate in this area. Beginning with a detailed introduction to the individual contributors, this collection demonstrates the relevance of speech acts to semantic theory. It includes essays unified by the assumption that current pragmatic theories are not well equipped to analyse speech acts satisfactorily, and concludes with five studies which assess the relevance of speech act theory to the understanding of philosophical problems outside the area of philosophy of language.

A Grammar and Commentary on the International Language Esperanto 1905

Subjectification Angeliki Athanasiadou 2006-01-01

Subjectification is a widespread phenomenon and has emerged as a most pervasive tendency in diachronic semantic change (Traugott) and in synchronic semantic extension (Langacker). Its importance is increasingly valued despite the fact that it is an area that has been treated differently by different scholars. One of the book's objectives is to generate a clearer understanding of the two major models of subjectivity, to see where they can meet but also where intrinsic differences present barriers to any integration. Another objective is to speculate on whether the notions of subjectivity and subjectification have reshaped our understanding of grammar. The goals of the volume are the following: The volume brings together contributions dealing with particular areas of grammar in the framework of subjectivity and subjectification. Starting with Stein and Wright's 1995 edition, publications on the specific process have broadened the scope of this research. Indeed, the question 'how far have we come?', addressed in the introduction, has become central in reaching a clearer understanding of the above framework and even expanding it. Individual papers explore not only wider questions and implications on the theoretical status of subjectivity and

subjectification in language, but are empirically supported by thorough and extensive data from different languages (Asian languages, German, Spanish, Greek, Dutch, English). These studies of particular areas of grammar (modals, adjectives) or of levels of analysis (syntax) can help implement or adapt the existing accounts of subjectivity made in the literature. The challenge for every single paper is to show whether the two major approaches (Langacker's and Traugott's) can possibly be integrated or whether they are fundamentally different. The papers also investigate into the questions whether we have a continuum from highly subjective to more objective, whether subjective need be opposed to objective, or whether subjective may also be understood in contrast to neutral (which is often the case in Traugott's examples of grammaticalization). Furthermore, the issue of intersubjectivity, i.e., putting the addressee's perspective onstage, is also discussed.

A First Reader E A Lawrence 2018-10-14 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Turing's Man J. David Bolter 2014-02-01 Trained in both classics and computer science, Bolter considers the cultural impact of computers on our age, comparing the computer to earlier technologies that redefined fundamental notions of time, space, language, memory, and human creativity. Surprisingly, he finds that in many ways the outlook of the computer age bears more resemblance to that of the ancient world than to that of the Enlightenment. The classical philosopher and the computer programmer share a suspicion of infinity, an acceptance of necessary limitations on human achievement, and a belief that results are more important than motives. Although Bolter fears that the growing use of computers may well diminish out culture's sense of the historical and intellectual context of human endeavor, he contends that the computer also offers new ways of looking at intellectual freedom, creativity, and the conservation of precious resources.

Europeanisation, National Identities and Migration Willfried Spohn 2003-08-29 This book provides theoretical and empirical discussion of migration, identity and Europeanisation. With contributions from leading international scholars, it provides both an overview of theoretical perspectives and a comprehensive set of case studies, covering both Eastern and Western Europe. Contributors draw from disciplines such as historical sociology, discourse analysis, social psychology and migration studies, while the editors bring these subjects into a coherent theoretical and historical framework, to discuss the emergence of new collective identities and new borders in Europe today.

Berlin, 1675-1945 Alexander Reissner 1984

Brits Abroad Dhananjayan Sriskandarajah 2006 Based on extensive analysis of emigration data and qualitative research in several countries, this book presents estimates of how many Britons live abroad, where they live and what emigration patterns look like.

The Fly on the Ceiling Julie Glass 1998 A story about how the very messy French philosopher, René Descartes, invented an ingenious way to keep track of his possessions.

Poems and Prose Gerard Hopkins 1963 Presents a selection of poems and prose writings of the nineteenth-century English poet with commentary.

The Corn King and the Spring Queen Naomi Mitchison 2010-07-01 Introduced by Naomi Mitchison. Set over two thousand years ago on the clam and fertile shores of the Black Sea, Naomi Mitchison's *The Corn King and the Spring Queen* tells of ancient civilisations where tenderness, beauty and love vie

with brutality and dark magic. Erif Der, a young witch, is compelled by her father to marry his powerful rival, Tarrik the Corn King, so becoming the Spring Queen. Forced by her father, she uses her magic spells to try and break Tarrik's power. But one night Tarrik rescues Sphaeros, an Hellenic philosopher, from a shipwreck. Sphaeros in turn rescues Tarrik from near death and so breaks the enchantment that has bound him. And so begins for Tarrik a Quest - a fabulous voyage of discovery which will bring him new knowledge and which will reunite him with his beautiful Spring Queen. 'This breathtaking recreation of life in the ancient world welds the power of myth and magic to a stirring plot.' Ian Rankin

Key Data on Teaching Languages at School in Europe 2012

Paths of Integration Leo Lucassen 2006 Why do some migrants integrate quickly, while others become long-term minorities? What is the role of the state in the settlement process? To what extent are experiences in the past different from the present? Are the recent migrants really integrating in another way than those in the past? Is Islam indeed an obstacle to integration? These are some of the burning questions, which dominate the current politicized debate on immigration in Western Europe. In this book, leading historians and social scientists analyze and compare a variety of settlement processes in past and present migration to Western Europe. Identifying general factors in the process of adaptation of new immigrants, the contributors trace social changes effected by recent European immigration, and the parallels with the great American migration of the 1880s-1920s. The history of migration to Western Europe and the way these migrants found their place in the receiving societies, is not only essential to understand the way nations deal with newcomers in the present, but also constitutes a highly interesting laboratory for different paths of integration now and then. By analyzing and comparing a wealth of settlement processes both in the past and in the present this book is both a bold interdisciplinary endeavor, and at the same time the first attempt to identify general factors underlying the way migrants adapt to their new surroundings, as well as how societies change under the influence of immigration. The chapters in the book both look at specific groups in various periods, but also analyses the structure of the state, churches unions and other important organized actors in Western European nation states. Moreover, the results are embedded in the more theoretical American literature on the comparison of old and new migrants. All chapters have an explicit comparative perspective, either by comparing different groups or different periods, whereas the general conclusion ties together the various outcomes in a systematic way, highlighting the main answers to the central questions about the various outcomes of settlement processes. --Publisher.

Longman Dictionary of the English Language 1991 Defines over two hundred thousand English words and includes etymologies, pronunciations, and technical, biographical, and geographical entries

Hate Crimes James B. Jacobs 2000-12-28 In the early 1980s, a new category of crime appeared in the criminal law lexicon. In response to concerted advocacy-group lobbying, Congress and many state legislatures passed a wave of "hate crime" laws requiring the collection of statistics on, and enhancing the punishment for, crimes motivated by certain prejudices. This book places the evolution of the hate crime concept in socio-legal perspective. James B. Jacobs and Kimberly Potter adopt a skeptical if not critical stance, maintaining that legal definitions of hate crime are riddled with ambiguity and subjectivity. No matter how hate crime is defined, and despite an apparent media consensus to the contrary, the authors find no evidence to support the claim that the United States is experiencing a hate crime epidemic--instead, they cast doubt on whether the number of hate crimes is even increasing. The authors further assert that, while the federal effort to establish a reliable hate crime accounting system has failed, data collected for this purpose have led to widespread misinterpretation of the state of intergroup relations in this country. The book contends that hate crime as a socio-legal category represents the elaboration of an identity politics now manifesting itself in many areas of the law. But the attempt to apply the anti-discrimination paradigm to criminal law generates problems and anomalies. For one thing, members of

minority groups are frequently hate crime perpetrators. Moreover, the underlying conduct prohibited by hate crime law is already subject to criminal punishment. Jacobs and Potter question whether hate crimes are worse or more serious than similar crimes attributable to other anti-social motivations. They also argue that the effort to single out hate crime for greater punishment is, in effect, an effort to punish some offenders more seriously simply because of their beliefs, opinions, or values, thus implicating the First Amendment. Advancing a provocative argument in clear and persuasive terms, Jacobs and Potter show how the recriminalization of hate crime has little (if any) value with respect to law enforcement or criminal justice. Indeed, enforcement of such laws may exacerbate intergroup tensions rather than eradicate prejudice.

The Adventures of Tom Sawyer - Scholar's Choice Edition Mark Twain 2015-02-08 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. Vilnius Poker Ričardas Gavelis 2009-01 four different perspectives, and it captures the surreal horror of life under the Soviet yoke." --Book Jacket.

Turtle Recall Stephen Briggs 2012-11-08 The Discworld, as everyone knows, is a flat world balanced on the backs of four elephants which, in turn, stand on the shell of the giant star turtle, the Great A'Tuin, as it slowly swims through space. It is also a global publishing phenomenon with sales of over 70 million books worldwide (but who's counting?). The publication of Snuff brought the Discworld canon to 39 books - not including the various guides, mapps, diaries and other side-projects. That's a lot of Discworld to keep track of - more than most people can manage with just the one head - but fear not: help is at hand! If you're looking for the ultimate authority on probably the most heavily populated - certainly the most hilarious - setting in fantasy literature... If you need a handy guide to Discworld locales from Ankh-Morpork to Zemphis... If you want help telling Achmed the Mad from Jack Zweiblumen... If your life depends on being able to distinguish the Agatean Empire from the Zoons... ...look no further than Turtle Recall - the latest Discworld Companion, fully updated and completely up to Snuff!

The Discworld Fools' Guild Terry Pratchett 2000-08-24 Contrast

the Fools' Guild with the Assassins' Guild next door: one is pleasant, light and airy and the corridors echo with the quiet activity of people working hard to master a job they love; the other is gaunt, forbidding and silent, except for the occasional muffled sob . . . The Fools' Guild, founded 150 years ago, is also a hospital, craft standards enforcer, fraternal society and school. There is always a place and a custard pie in the face for any young boy with an amusing hump, speech impediment or other laughable deformity. As with previous diaries in the series, the usual mundane dates are complemented by the Discworld's own special occasions, so you will always know when to expect the Soul Cake Duck's choccie eggs and which days are most auspicious for the throwing of custard pies.

The Oxford Companion to Law David Maxwell Walker 1980 Legal terms are defined, concepts and principles explained, and notable judges and jurists portrayed from the origins of the Western legal tradition in ancient Greece and Rome to the present

Outlines of English Law Stanley Brian Marsh 1978

Sergius Bulgakov Sergius Bulgakov 2012-08-01 "This anthology begins with Bulgakov's own "Autobiographical Notes"--moving first-person accounts of his experiences. Then follow sections on economic ideals, religion, philosophy, and sociology. The closing section presents five sermons, all emphasizing the theme of joy. Bulgakov himself is part of a distinct development of Russian religious philosophy which began with Alexei Khomiakov in the first half of the nineteenth century and which includes other important figures, such as Solovi'v and Berdyaev. The developing tradition is both a reaction to certain themes and methods of Western philosophy and theology and an attempt to devise new interpretations of Eastern Orthodox Christianity, especially in the context of its historical development in Russian across the centuries. This developing school is characterized by its creativity, imagination, and daring. Its critical encounter with Marxism and the Russian revolution gives it peculiarly contemporary significance. Since few of Bulgakov's writings have been available in English, this selection will interest all concerned with Russian secular and religious thought, and students of modern Christian movements. "

Using computers in a language learning Graham Davies 1985

Radioelements and Isotopes Kasimir Fajans 2005 A pioneer in the study of radioactivity and isotopy discusses groundbreaking research related to the origin of the actinium series and the stability of isotopes as well as chemical forces and optical properties

English-Esperanto-English Dictionary John Christopher Wells

2010 A comprehensive and yet concise two-way dictionary designed for beginners and more advanced students of Esperanto alike, and also incorporating a summary of Esperanto grammar. -- An essential resource for users of Esperanto: Find what you are looking for: Concise yet comprehensive, with coverage of all the words you need, including many technical terms -- Both directions: Contains both Esperanto-English and English-Esperanto sections, with a total of over 30,000 entries -- Keep up-to-date: Completely revised and rewritten, with a thorough coverage of contemporary English and Esperanto -- Check how to write it and say it: With a grammatical introduction presenting a clear and authoritative analysis! --- Ampleksa sed konciza Esperanta-angla kaj angla-Esperanta vortaro por komencantaj kaj progresintaj studentoj de Esperanto, kun enkonduka prezento de la gramatiko de Esperanto. -- Nemalhavebla richfonto por uzantoj de Esperanto: Trovu tion, kion vi serchas: Konciza sed inkluziva, enhavanta chiujn vortojn kiujn oni bezonas, inkluzive de multaj fakvortoj -- Ambau'direkta: El Esperanto en la anglan kaj el la angla en Esperanton, kun entute pli ol 30000 kapvortoj -- Ghisdatighu! Komplete reviziita kaj reverkita, plene spegulanta la hodiau'ajn anglan lingvon kaj Esperanton -- Kontrolu, kiel esprimi la signifon: Kun gramatika enkonduko klara kaj au'toritata!

The High Heart Basil King 2020-07-20 Reproduction of the original: The High Heart by Basil King

Language Rights Tove Skutnabb-Kangas 2017 Research on Language Rights has produced an enormous-and unwieldy-corpus of literature. Moreover, such work is often controversial and contested, in part because of the need for scholars from different disciplinary traditions to coordinate their concerns and integrate

conflicting paradigms. Now, to enable researchers and advanced students to make sense of this vast literature, and the competing scholarly approaches, Routledge announces Language Rights, a new title in its Critical Concepts in Language Studies series. In four volumes, the set draws on a wide range of disciplines, including Sociolinguistics, Law, Anthropology, Education, Sociology, Political Science, and Economics. The learned editors have assembled both normative texts and studies of their practical applications, as well as more diverse interventions and interpretations. Volume I presents some of the basic concepts in language rights and traces developments from treaties and national constitutions to human-rights principles, and conditions for the maintenance of languages. Volume II, meanwhile, explores the tensions between homogenizing nation states and the status of indigenous and minority languages in education. The third volume in the collection brings together the best thinking on recent developments in language and cultural revitalization through community mobilization around language rights, especially in education, the preconditions for their success, their relationship to land rights and self-determination, and state responses to demands for language rights. Finally, Volume IV assesses ongoing trends of regional and global integration and questions the prospects for the world's languages in the light of economic and cultural constraints.

The Discworld Vampyre's Diary 2003 Terry Pratchett 2002-09-26
RULES OF THE UBERWALD LEAGUE OF TEMPERANCE ANKH-MORPORK
MISSION OBJECT To further the cause of temperance and of total abstinence from drinking human blood (The Old Practice), to provide recreation and means of social intercourse

for its members and to encourage by meetings, lectures, discussions, sing-songs and hot tea a better knowledge of the dangers of the Old Practice. THE PLEDGE Every member must, during his or her membership, be a strict adherent to the principles set out in the Pledge. GOVERNMENT The affairs of the League shall be managed, at each Mission of the League, by a General Committee which shall consist of the Officers of the Mission plus other members up to a total of thirteen, and two members nominated by the Avoidance of Old Practices Committee.

English-Only Europe? Robert Phillipson 2004-04-28 English-Only Europe? explores the role of languages in the process of European integration. Languages are central to the development of an integrated Europe. The way in which the European Union deals with multilingualism has serious implications for both individual member countries and international relations. In this book, Robert Phillipson considers whether the contemporary expansion of English represents a serious threat to other European languages. After exploring the implications of current policies, Phillipson argues the case for more active language policies to safeguard a multilingual Europe. Drawing on examples of countries with explicit language policies such as Canada and South Africa, the book sets out Phillipson's vision of an inclusive language policy for Europe, and describes how it can be attained.
Man and Mystery in Asia Ferdinand Ossendowski 2013-10 This is a new release of the original 1924 edition.
