Dead End Dating Kimberly Raye
2006-08-29 BITING IS SO LAST
SEASON. A vivacious vampire
with a flair for accessorizing, Lil
Marchette is unlike most of her
kind. She prefers lively shades of
pink to dismal black (soo not her
color), plus she's a hopeless
romantic. In need of a steady

paycheck to support a compulsive
cosmetics habit, Lil starts Dead
End Dating (DED), a Manhattan-
based matchmaking service that
helps smart, sophisticated singles
like herself find eternity
mates—and may even help her
stake a claim to her very own
Count Right! When Lil meets
geeky vampire Francis Deville,

she knows he's the perfect first client. If she can hook up Francis—after a little revamping, of course—she will prove her skills to the vampire community and turn DED into the hottest dating service in the Big Apple. But just as her business takes off, Lil meets the (literally) drop-dead gorgeous bounty hunter Ty Bonner, who is hot on the chase of a serial killer. Instantly drawn

to the luscious vamp stud, Lil really wants a taste. But as a made vampire, Ty can't procreate—and Lil will settle for nothing less. Luckily, between “vampifying” Francis and helping Ty solve his murder mystery, Lil has no time for silly romantic entanglements . . . even if Ty is all that and a Bloody Mary chaser!
