*One Shot* Lee Child 2009-09-15 Six shots. Five dead. A heartland city thrown into terror. But within hours the cops have it solved. A slam-dunk case. Apart from one thing. The accused gunman refuses to talk except for a single phrase: Get Jack Reacher for me. Reacher lives off the grid. He's not looking for trouble. But sometimes trouble looks for him. What could connect the noble Reacher to this psychopathic killer?

2017-11-15 " Intuitive Biostatistics takes a non-

technical, non-quantitative approach to statistics

and emphasizes interpretation of statistical results

rather than the computational strategies for

generating statistical data. This makes the text

especially useful for those in health-science fields who have not taken a biostatistics course before. The text is also an excellent resource for professionals in labs, acting as a conceptually oriented and accessible biostatistics guide. With an engaging and conversational tone, *Intuitive Biostatistics* provides a clear introduction to statistics for undergraduate and graduate students and also serves as a statistics refresher for working scientists.
